A Colony 4th Street Ramamoorthy road-VIRUDHUNAGAR-626001

TECHNICAL SKILLS

- Java
- HTML
- Css
- JavaScript
- React
- Aspen plus and hysys

OBJECTIVE

Looking for a challenging role to utilize and improve my coding skills, That can contribute to the process development and company's growth as well as enhance my knowledge by exploring and learning new things

EDUCATION

K.VS. Higher Secondary School	2014
SSLC	
91	
K.V.S Higher Secondary School	2016
HSC	
66	
Sethu institute of technology	2020
B.Tech chemical engineering	
7.5	

PROJECTS

**Synthesis, Spectral and Quantum Analysis of Organic Incorporated Materials For Oled Application**  
We are replacing the costly compound like ruthenium mostly used to manufacture the organic material in oled by our new combination of two compounds at low cost

**Manufacturing of Ferrous Sulphate From Waste Iron and Alloy Materials**  
We are collecting a waste materials from the mechanical based industry and seperate the iron from those materials and convert it to ferrous sulphate
